My dear Sir Mirza,

In the interest of the two States we should co-operate as much as possible in air developments in the near future and I am writing to ask if you will be kind enough to let me know before you come to an arrangement with any private companies for exclusive operation over routes in which your State is interested. I have no doubt that representations in this matter have been made to you before and it is quite likely you will be approached again. We have now started our service to Bangalore and are running it at a loss but I am sure that in the end the expense would be worthwhile. We shall also develop further services within economic limits so far as possible.

With kind regards,

Yours sincerely,

M. Ismail
